

WELCOME TO

VILLA CONCRETE

Where innovation meets excellence in delivering premium ready-mix concrete solutions tailored to your project needs

WHO WE ARE

Established in 2013, Villa Ready-Mix is one of the pioneering companies operating from Malham, Riyadh—a strategically positioned hub for concrete production. Our goal is to become one of the top five companies in the ready-mix industry in the region.

VISION

To become one of the top 5 ready-mix companies in Saudi Arabia

MISSION

To meet all customer demands with the highest standards of quality, reliability, and environmental responsibility

VALUES

Villa Ready Mix is committed to providing exceptional service with integrity and adherence to international standards. We prioritize innovation and the latest technologies in the ready-mix concrete industry to stay at the forefront of our field

OUR SUPERIOR PRODUCTION CAPACITY

With three state-of-the-art concrete batching plants and a fleet of over 60 trucks, Villa Ready-Mix has a daily production capacity exceeding 3,000 cubic meters.

Our advanced facilities and dedicated logistics enable us to meet large-scale project demands with efficiency and reliability, ensuring consistent, high-quality service for our clients across the region.
